# OUR PRODUCTS

ZealSoft

# WE MAKE YOUR BUSINESS BETTER THAN OTHERS

## About Us

Zealsoft Solutions is a depiction of commitment to provide better service delivery towards our clients. In this age of information technology every business and corporation is dependent on the way flow of information is securely handled and implementation of technology is carried out. Buildings become "Smart Buildings" and Businesses become smarter and more organized. Zealsoft started its IT Services operation from South East Asia in 2012 providing a gamut of business services to its clients. Our large pool of seasoned professionals are helping businesses across Asia and beyond to achieve excellence in business, helping them provide maximum value to their customers.

## Our Services

### Information Security Consulting

- Security Risk Assessment
- System and Data classification
- Vulnerability and Penetration Assessment
- Third Party Assessment
- Privacy and Identity Management
- Business Continuity Planning

### IT Outsourcing & Cloud Management

IT Outsourcing is a solution aimed at companies that do not have a dedicated in-house IT department or need extra assistance in IT. Also why spend time and money on building and maintaining your IT infrastructure when you can host it on the cloud.

We Service...
